The 1st Young Researchers Workshop on Biomaterials and Applications (bioMAP15) is a scientific meeting focused on biomaterials and their applications in imaging, therapy and sensing. The conference program will include:

- *Biofunctional Materials*
- *Biosurfaces*
- *Molecular Imaging*
- *Therapy and Diagnostics*
- *Sensing and Catalysis*

The workshop offers an excellent opportunity for young scholars (advanced doctoral students and recently appointed post-docs) to present their research and gain experience in academic conferencing, for networking and exchange of ideas.

Registration

Early stage researchers are invited to present their work through oral communications or posters. The best oral and poster communications will be awarded prizes.

- Free registration for participants (no fees apply)
- Registration is limited to 70 participants
- Deadline for submission: August, 20th, 2015
- Find more details and submission instructions at:
www.cicbiomagune.es/biomapp15

Scientific & Organizing Committee

Mónica Carril García
Isabel García Martín
Marek Grzelczak
Fernando López
Abraham Martín Muñoz
Pedro Ramos Cabrer
Javier Reguera Gómez
Luca Salassa

8:45-9:30

Registration

9:00-9:45

Plenary Lecture 3

Prof. Dr. Bin Ren

9:30-9:45

Prof. Dr. Luís Liz Marzán

Session 4

Therapy and Diagnosis

Oral presentations (10-15 min each)

9:45-10:30

Prof. Dr. Wolfgang Parak

9:45-10:45

Plenary Lecture 1

Coffee Break

10:30-11:00

Coffee Break (official photograph)

10:45-12:00

Poster Session 2

Session 1

Biofunctional Materials

10:45-12:00

Sensing and Catalysis

11:00-12:00

Oral presentations (10-15 min each)

Session 5

Oral presentations (10-15 min each)

Session 2

Biosurfaces

12:00-13:00

Closure

12:00-13:00

Oral presentations (10-15 min each)

13:00-13:20

Awards and Closing Remarks

13:00-15:00

Lunch Break

15:00-16:00

Poster Session 1

Plenary Lecture 2

16:00-16:45

Dr. Jordi Llop

16:45-17:15

Coffee Break

Session 3

Molecular Imaging

17:15-18:15

Oral presentations (10-15 min each)
